

Stargazing For Everyone, LLC

Tony & Carole LaConte

**We Provide Entertaining
Stargazing Programs
Customized
for You and Your Clients.**

**Onsite and Remote
Multimedia Lectures
with Telescope Viewing.**

We present multimedia programs about the moon, planets, space exploration, stars, nebulae, galaxies, and the constellations. All presentations include multicultural folklore and historical stories of the night sky.

View the wonders of the universe in our portable planetarium or through our telescopes and binoculars.

We provide daytime programs about the Sun using special professional solar filters for safe viewing of the sun in both H-alpha and white-light spectrums.

We present over 300 programs annually to more than 75,000 people.

A partial list of clients include:

**Honeywell International
Sony Corporation
Cox Communications
Arizona Science Center
Maricopa County Parks & Recreation Dept.
The Mayo Clinic
Challenger Space Center
Cities of Glendale, Tempe & Scottsdale
Resorts, Conference Centers & School Districts
throughout the southwest**
